

"The Exact 11 Steps & 'Team Site Traffic Blueprint'  
to Help You Sponsor 28 Reps, Build a Team of 183  
People and Grow a Monthly Income of \$2,732.81 in Only  
19 days.."

By Gavin Mountford

It doesn't matter what your opportunity is right now... it could be Empower Network, ILN, My Lead System Pro, Mary K, Amway, Pure Leverage, Bitcoin Economy, Neucopia or anything else for that matter...

(If your opportunity isn't here... just imagine it is, because this will apply to you too...)

Whatever it is you are probably struggling... why? well because everyone and their dog are promoting the same program as you...

You are competing against 1,000's maybe 10,000 or even 100,000 other people!

so you do not stand out from the crowd. do you?

Probably, right now you don't have anything of VALUE to offer your prospects... (kind of like an incentive) to sign up under you...

Right?

Seriously, why should anyone sign up under you? What do they get... how can you help them?

So, you are trying to generate leads and get sign ups, and make money from an opportunity that has thousands of other people all competing for the same leads...

Well... here's the cold HARD truth... nobody is going to sign up with you! Especially when they could sign up with someone else with more experience...

Now I know that's harsh, but I have to get you to realise that this is the truth... I mean seriously, how many people have you ever signed up in a Network Marketing opportunity, or affiliate program?

And how many of those people are still with you today and are building a BIG business?

Probably not many...

See, before you learn how to change all this, you first have to recognise the problem...

And it's a pretty major problem isn't it? If you continue to do what you're doing right now for the next 5 years... what's going to happen to your dreams?

**This is why I came up with my Team Site Traffic model, to help YOU...**

If you've been following me for any length of time, you'll know that not very long ago, I joined Pure Leverage...

(Please Note: I am not in that opportunity any more... and I'll tell you the story of WHY very shortly...

It's an interesting story :-)

At the time I knew there were tens of thousands of other marketers all promoting the same opportunity as me, and I needed to do something different for me and my team!

See, ultimately I wanted my team members to make money... because then I knew I would make a ton of cash too...

So, I set up a team site, and leveraged the VISION of the team site to sign up other people into Pure Leverage.

Very quickly, and I'm talking within 19 days... I personally sponsored 28 reps, built a team of 183 people and grew a monthly income of \$2,732.81 in only 19 days...

(Just because I SHARED my vision with them)

I created a small little team site that got over 16,054 visitors and prospects in only 90 days.

My list grew like crazy...

Within a few weeks that grew to 49 personally sponsored, and 417 in the team... (other people were coming to me to ask if they could join me)

...and within 90 days my monthly income had increased by over \$5000 from a few different income sources ALL directly related to the TEAM Site I'd created...

Now IMAGINE for a second... that you were able to do that in your Network Marketing / affiliate opportunity...

Well you CAN... and here's the exact blueprint I followed... (in fact, I came up with the plan and blueprint, and then followed my own plan)

So, here it is!

### **The Team Site Traffic Blueprint**

**Step 1:** Join a Network Marketing or affiliate opportunity... (or use the one you're are in right now)

**Step 2:** Register a domain name... something like [www.youropportunityreview.com](http://www.youropportunityreview.com) or [www.youropportunityteam.com](http://www.youropportunityteam.com) or similar.

Or even [www.YourTeamName.com](http://www.YourTeamName.com) (which sometimes works better because if you ever change opportunities in the future, you can still use the SAME website...)

**Step 3:** Install Wordpress and a good theme (I recommend OptimizePress for this)

**Step 4:** Create a handful of pages to get you started (About, Review, Compensation Plan, Team Bonus, Blog and a few others)

Make sure the pages are SEO'd so they rank like CRAZY in Google... (I have a really cool community of Team Builders who can help you with this)

**Step 5:** Create a Team Bonus (could be trainings, coaching, audio, video, PDF... to be used as an incentive for people joining)

**Step 6:** Install my 'Team Site Domination plugin' that will allow your NEW team members to drive massive traffic to your Team Site... (they'll write Blog posts about you, record videos about you and share your stuff on Social Networks)

- (Ask me about this Wordpress software as right now it is NOT for sale...)

**Step 7:** Create a team group on Facebook... (and allow your team members to invite people to that group...)  
- your team will grow like crazy because of this...

**Step 8:** Make a list of your top 10-50 online Friends and send them a TEASER / Curiosity email to get them interested... (you can model or steal mine - more later)

...then speak to the people who respond on the phone ideally... or if you are scared of the phone, then just record a quick video explaining what you're doing and send them to that...

(actually I sent my prospects to a video... as it was just easier to reach more people that way - again, I'll show you this video...)

When you speak with them, be sure to explain your Vision... and how the Team Site is going to work...

**Step 9:** Sign up 5-10 people on your Front Line... (your prospects will LOVE the idea of what you are

doing and will want to be part of it... so this part becomes easy)

**Step 10:** Create some messages (SWIPE emails) which your new team can use to go duplicate exactly what you just did, and invite other people to your team site.

While your team are out recruiting... you can be writing more Blog posts targeting company specific keyword phrases to SNIPER people who are searching in Google and looking to join... (the traffic you can get when you do this is pretty incredible)

Support your team members as they sign up new people...

Give your team members an opportunity to record video / written testimonials about your team site.. and then put them on the team site...

Give your team members an opportunity to become authors on your Team Site... and work closely with the BEST people to make sure they write good quality content that will rank high in Google.

Reply to all the comments you get on your Team Site from people who have found your team site... and speak to interested prospects on the phone... (you have the posture at this point)

**Step 11:** Work like crazy... contact and sponsor a lot of people yourself... (when you stop recruiting, your team will stop too... - again this is easy with your Team Site and Bonus)

Help your team duplicate... (easy with Team Site and Bonus)

Develop your skills as a marketer... and use some of the money you earn from this to put back into your education...

Leverage paid advertising. Facebook Ads are a great way to drive extra traffic to your team Fan Page, and team site... there are hundreds of people looking to join your opportunity on Facebook and when they see an ad pop up, that YOU have the BEST team and BEST team bonus, they will be flocking to you...

Sit back, watch the traffic come flooding in, watch the consultation requests come flooding in, watch the leads come flooding in, watch the sign ups come flooding in and watch your bank balance grow!

...and there you go! A pretty comprehensive list of the steps to take to get your TEAM SITE up, running and cranking...

Now...

Here's the BAD NEWS... getting to the top takes a LOT of hard work and dedication, and it will probably take you a few weeks / months of FOCUS to do it...

Here's the GOOD NEWS... very few people are willing to do what it takes to get to the top...

So if you're willing to do that work... there is PLENTY of room at the top... so come join us... stop scrapping around at the bottom of the pile where

there are hundreds and thousands of people all struggling...

Make a DECISION to RISE up and take what is truly yours... get to the top, do the work, and live your DREAMS...

The Team Site Model is very similar to what many of the TOP Network Marketers use...

In fact, pretty much all successful marketers (and I'm talking 6 figure earners) have learned to LEVERAGE their teams and other people to get what they want...

Zig Ziglar once said... "If you can help enough other people get what they want, then you can have anything you want in the world"

So true... now I know that ONLY the hard core people who read this will take ACTION!

Truly I'd like YOU to be the one to take action... to stop fighting for leads, prospects and sign ups along with the rest of your Network Marketing team...

...and be the ONE to LEAD... and take a step forward.

To be the ONE who said... "enough is enough... I'm going to truly help people..."

To be the ONE who created a TEAM SITE HUB that your team members can visit... your prospects can visit, and also other reps of your company.

See... here's the GREAT thing... when you create a HUB that is related to your opportunity and you have

## The Team Site Traffic Blueprint

---

by Gavin Mountford

someone else write about all the latest news and updates in your company...

Everybody flocks to your team site. Which means that you get more comments, likes, and shares from people reading the great content.

Which means that you get higher Google rankings, more traffic, more people looking at your Team Site... more leads, more sign ups and more income...

Yes, it truly is a very special model.. and one that NO BODY else teaches...

So, right now you are in an AMAZING place to be getting this training... because 6 months ago, there was no way I was going to let the cat out of the bag and share this...

So... that's it, just GO FOR IT and dominate Google, and the Social Networks for your opportunity.

Just IMAGINE how it will feel when you've got thousands of people in your team, all sharing your content... with your face on it, and your BRAND.

What will that do for your lifestyle, your income, your confidence, your self esteem?

I'll leave it with you.

Your Friend,

-- Gavin Mountford
